Just a thought!

Miracle of Modern Medicine ?

*A row of bottles on my shelf
Cause me to analyse myself
One yellow pill I have to Pop
So that my dear old heart won't stop
A little white one that I take
go to my hands so that they wouldn't shake
The blue ones that I take a lot
Tell me I am happy when I am not.*

*The purple pill goes to my brain
And tells me that I have no pain.
The capsules tell me not to wheeze
Or cough or choke or even sneeze.*

*The red ones, smallest of the all
go to my blood so that I wouldn't fall
The orange ones, very big and bright
Prevent my leg cramps in the night.*

*Such an array of brilliant pills
Helping to cure all kinds of ills.
But what I'd really like to know is ...*

What tells each one where to go ?
