Parish activities add a wonderful ingredient to community living. People need to find ways to come together and share life experiences. New people are always needed and welcome in order to keep these activities operating. Thanks to all who partook and helped so far and we look forward to another successful year of building a church of a thousand welcomes. **TOGETHER IS BETTER.**

Dear Fellow Traveller,

It appeared the same as any other day for Toby as he went about his routine daily tasks, however events were happening that were to change his life forever. It wasn't that dreaded phone call or the visit to the doctor but for Toby it was loss of his job. He had worked with the company for 27 years and never missed a day. It was his life. Toby now was faced with big decisions.

Behind every face is a story. Each has overcome many challenges, experienced many events, made many decisions and discovered many new ways. With each situation there is a choice, a decision, a move in a particular direction.

*'Amidst the rapid pace of our modern world, we often race along in reactive, unconscious patterns, finishing tasks, reaching our goals and doing our best to satisfy expectations of the world around us. But every once in a while as we sprint along the path, a lightning bolt shocks us from our patterns, giving us a momentary view of a much greater landscape. It may come in the form of a quiet whisper, great blessing, deep challenge, crisis or even apparent tragedy. However this moment appears, one day looking back, we will recognize it for what it really was – an inner call for us to begin a journey into a greater experience of ourselves... To harvest some deeper, latent capacity or sense of purpose to create and express in the world' .**

Today John the Baptist helped the disciples make their decision by recognising Jesus as the 'Lamb of God'. Toby had to start a new journey and perhaps to discover something greater within himself.

E.B.

"Our deepest fear is not that we are inadequate. Our deepest fear is that we are powerful beyond measure. It is our light, not our darkness that most frightens us. We ask ourselves, 'Who am I to be brilliant, gorgeous, talented, fabulous?' Actually, who are you not to be? You are a child of God. Your playing small does not serve the world. There is nothing enlightened about shrinking so that other people won't feel insecure around you. We are all meant to shine, as children do. We were born to make manifest the glory of God that is within us. It's not just in some of us; it's in everyone. And as we let our own light shine, we unconsciously give other people permission to do the same. As we are liberated from our own fear, our presence automatically liberates others."
