I was thinking !

Dear Fellow Traveller,

We all want to be happy, right? With so much seeking and desire for happiness you would think we would have discovered this thing so vital to our existence. But instead, people are unhappy, depressed and over medicating themselves. We push happiness into the future as if a goal to be earned or obtained i.e. when I get my exam, my promotion, my new car, my holiday, etc, etc, Yet with all our super technology one might ask .

Why is happiness eluding us?

If you ask the Dali Lama if he's happy, even though he's suffered the loss of his country, he will give you an unconditional **YES!**. What's more, he'll tell you that happiness is the purpose of life, and that the very motion of our life is toward happiness. How to get there has always been the question. He says we all have the potential to be happy and illustrates how we are looking for happiness in all the wrong places, and are not taught the values and understanding of life that will support us to be truly happy.

He believes peace of mind, warm heartedness, trust and equality all contribute to happiness and his perspective on it shows us the pathway to the deep and authentic happiness that is long lasting.

Today Jesus is trying to teach us about happiness and a key word for me in the 'Sermon on the Mount' is -'ARE'-. **Happy ARE the.....** This brings happiness into the present moment. The power of NOW. Something that is already within only waiting for us to discover it.

'The Kingdom Within'

*Have a Wonder-full week
F.K.*

HAPPINESS IS
enjoying the little things
in life.

**HAPPINESS CANNOT BE
TRAVELED TO, OWNED,
EARNED, WORN OR
CONSUMED. HAPPINESS
IS THE SPIRITUAL
EXPERIENCE OF LIVING
EVERY MINUTE WITH
LOVE, GRACE, AND
GRATITUDE.**
